MEASURING TIPS TO ASSURE THE BEST FIT

SLEEVE: With arm bent and hand on hip, place tape measure at the base (Centre Back/CB) of your neck and follow along the top shoulder and arm to the wrist.

BUST/CHEST: With arms at sides, place tape measure under your arms and run it around the fullest part of the chest and across the shoulder blades.

WAIST: Find the natural crease of your waist by bending to one side. Run tape measure around your natural waistline, keeping one finger between the tape and your body for a comfortable fit.

HIPS: With feet together, run tape measure around the fullest part of your hips/seat, about 7 to 8 inches below your waistline.

INSEAM: For full-length pants, run tape measure along the inside of your leg, from just below the crotch, to about 1 inch below the ankle.

CONSEILS SUR LES MESURES POUR UNE COUPE PARFAITE

MANCHE : le bras plié et la main sur la hanche, placer le ruban à mesurer à la base de votre cou (au niveau du milieu du dos), et faites-le descendre jusqu'au poignet, en passant par le haut de l'épaule et le bras.

BUSTE/POITRINE : les bras sur les côtés, placer le ruban à mesurer sous vos bras et faites le tour de la partie la plus grande de votre poitrine et des omoplates.

TAILLE : trouvez le pli naturel de votre taille en vous penchant d'un côté. Faites le tour de votre taille par rapport à ce pli naturel, en gardant un doigt entre le ruban et votre corps pour assurer une coupe confortable.

HANCHES : joignez vos pieds puis faites le tour de la partie la plus large de vos hanches/fessier avec le ruban, environ 7 à 8 pouces sous votre taille.

COUTURE D'ENTREJAMBES : pour un pantalon couvrant toute la jambe, placez le ruban le long de l'intérieur de votre jambe, de l'entrejambe à environ 1 pouce en dessous de la cheville.
